CBS ArcSafe® RSA-152G Named a Winner in Plant Engineering's Product of the Year Awards

Denton, TX, January 15, 2020 — CBS ArcSafe® is pleased to announce that the RSA-152G remote switch actuator for the Boltswitch T Series has been named a winner in the safety category of the Plant Engineering 2019 Product of the Year awards. The specific award (gold, silver, or bronze) will be presented on April 27 at the awards dinner in Chicago.

The lightweight, portable CBS ArcSafe RSA-152G allows technicians to remotely close or trip the bolted pressure switch from a safe distance of up to 300 feet while stationed outside the arc-flash boundary.

"CBS ArcSafe is thrilled to once again be named a winner in Plant Engineering's prestigious Product of the Year awards," says Tommy Phillips, president of CBS ArcSafe, Inc. "Safety is our mission, and all of us here at the company pride ourselves on keeping our promise to deliver products that protect workers from the dangers of arc-flash incidents."

Installation and operation of the RSA-152G do not require any modifications to existing electrical equipment, thanks to CBS ArcSafe's magnetic latching system. The RSA-152G is compatible with the 400-1200 A Boltswitch T Series, including T225-228, T265-268, T325-328, and T365-368. Typical applications include low-voltage power control and distribution. Compared with arc-flash mitigation alternatives, the RSA-152G is a cost-effective solution for keeping operators safe.

About CBS ArcSafe
CBS ArcSafe offers the electrical industry's largest inventory of remote racking and switching solutions for low- and medium-voltage switchgear. The systems operate without modification to existing electrical equipment and allow technicians to operate equipment from a safe distance of up to 300 feet. All CBS ArcSafe equipment is manufactured in the United States at our Denton, TX, and Charleston, WV, facilities. CBS ArcSafe offers 24/7/365 emergency support and is happy to develop custom remote racking and switching solutions for customers. Learn more at CBSArcSafe.com or call us toll-free at 877-4-SAFETY.
